 ● Make it milk tea 25¢

## About Green Teas

Green Tea is among the best natural sources of antioxidant, which protects the body from cell-damaging free radicals and help fight off diseases

## About Black Teas

Black tea begin as green leaves and then go through a withering drying, oxidation, and firing processes before becoming a delicious and uplifting Caffeine deliverer

## About Fruit Infusions

Our fruit infusion teas are brimming with nothing but wholesome chunks of fruit and fruit essences that fill your cup with lush, ripe, naturally Caffeine-free flavors. Try them to perk up the palate while soothing and calming your soul.

## About White Teas

Famous for its sweet aroma and delicate, fresh flavor. An unmistakably elegant drinking experience. Research suggests white tea possesses a high amount of antioxidant properties, which makes drinking it that much more of a welcomed indulgence.

## About Red Teas

Red tea also known as rooibos (pronounced "roy-bus") is an herb grown in the South Africa. Naturally Caffeine-free, research shows that rooibos also helps to relieve anxiety, promote sleep, and eases an upset stomach.
